

Families on CalWORKs Can Get 12 Months of Low or No Cost CalWORKs Child Care

ARE YOU

Getting
CalWORKs cash
aid or eligible for
CalWORKs?

Caring for a child
under 13 or over
the age of 13 with
special needs?

In need of child care
to work, go to
school, or care for
your family?

If you answered yes to all 3 questions, you can get stable, full-time child care at low or no cost

Here Is How

- Tell your CalWORKs worker you need child care.
- Your CalWORKs worker should give you a Child Care Request Form (CCP 7) or you can ask for one.
- Call your local child care resource and referral agency, listed below, for help finding your family's best child care option.

Important

Your child care must be approved for

12 months of full-time care at the same time your cash aid is approved.

If you don't want child care now, you can **always** ask for it at a later time.
